Make ChatGPT Write Like You

Act as a tone analyzer. Analyze the writing style and tone of [extract]. Create a description of the style and tone, so we can recreate more text in that style. Don't take any context or information from the "extract" below. The extract shared in this prompt is ONLY for tone analysis purposes.

Example: The author's writing style in this text is concise, informative and uses a journalistic tone. They maintain a smooth flow throughout the text. They use precise and clear language.

Format: Bullet pointed list

Extract = [Insert Here]

Using the analyzed tone, rewrite [text].

Text = [Insert Here]

Act as a tone analyzer. Analyze the writing style and tone of [extract]. Create a description of that text's style and tone that can be used to recreate more text in that style. You are not to take any context or information from the "extract" below. The extract shared in this prompt is ONLY for tone analysis purposes.

Example: The author's writing style in this text is concise, informative and uses a journalistic tone. They maintain a smooth flow throughout the text. They use precise and clear language.

Format: Bullet pointed list

Extract: "Tesla's Hornio Model is reaping rewards operating across about 500 in 2023 but everyone thinks it will be a successful project. It currently has been 200, active users on it."
